

Reading comprehension for Grade 3 or 4

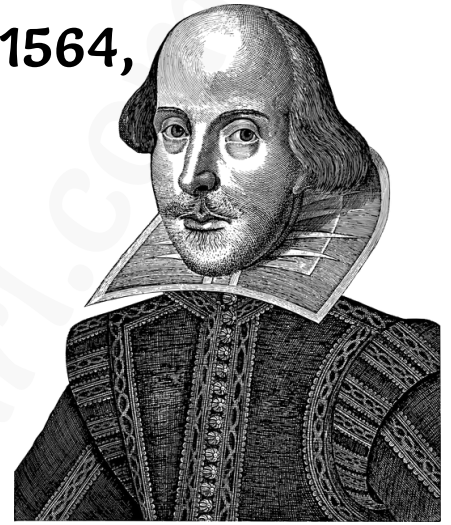

Don't Put All Your Eggs in One Basket.

A school library is a place where students can go to borrow books, magazines, and other reading materials. It is also a place where students can go to do research for school projects. It is not fair for students to have to spend their own money to buy books. So, school libraries are libraries that exist in schools to help students borrow books for free.

1. Give the above paragraph a title.
2. What is the topic of the paragraph?
3. What types of books are available in a library?
4. What is the role of libraries in helping students?

William Shakespeare is the most famous playwright in the English language. He was born in 1564, and survived a difficult childhood to become a great poet and playwright. His plays have been translated into every major living language and are performed more often than those of any other playwright. He wrote many other poems and sonnets, as well as plays for the theatre. He died on April 23, 1616.

1. Who is William Shakespeare?
2. Tell us about Shakespeare's childhood.
3. Has his work been translated into other languages?

Describe.

4. Describe the variety of his works.

When I was in elementary school, my mom would always tell me that vegetables are good for healthy life.

But, I didn't really believe her because when it came to eating vegetables, she

would just mash them up and mix them into other foods so that they were practically invisible.
